

I chose this picture because when Jeffery found out that Grayson had died he was very sad. This picture is important because it is a very big part in the book and in Jeffery's life. This picture relates to me because when my mom got very sick she told us that she might have to take a drug that might lose her memory.

Carrot Cake Whoopie Pies, with Cream Cheese Filling

I chose this picture because Grayson and Jeffery got Butterscotch Krimpets when Grayson first saw him. This is an important picture because that scene is when they had their first bond. This picture relates to me because sometimes my dad and I go on a father daughter dates and we bond together.

I chose this picture because Maniac taught Grayson how to read. This picture is important because it is when Grayson learned how to read. This picture relates to me because I remember when I first started to read, I was so excited!

Mars bars shrink in size

This is the part in the story when Mars Bar is eating the Mars Bar. This is important because it is when Jeffery and Mars Bar met. This picture doesn't really relate to me because I have never had a Mars Bar, but I would love to have one one day.

Maniac Magee by Jerry Spinelli

Running, playing, laughing, happy, friends, hate, family and love. This is Jeffery's story.

I chose this picture because it reminds me of the time in the book when Jeffery ran away from his aunt and uncle. This is an important picture because it is when Jeffery's family was on his last nerve and he had made a big decision, to run away. That is only the beginning. This picture doesn't really relate to me because I have never ran away but I have thought about it.

This picture is from the part of the book when Maniac and the neighborhood were scared of old Mr. Finsterwald. This picture is important because every ball that goes into Mr. Finsterwald's backyard, stays in the backyard... nothing comes out. This picture doesn't really relate to me because I have never met someone like that, but I can picture it.

I chose this picture because it is from the part of the story when Jeffery went to church with the Beales and shouted at the top of his lungs: A-MEN!!!! This is an important part because it is when Jeffery decided to shout to the Lord. This picture relates to me because I go to church every Sunday.

I chose this picture because in the beginning of the story the bottom of Jeffery's shoe broke and the author of the book said that it was flapping like a dogs tongue. This picture is important because it is the first time the author told us that Jeffery loves to run. This picture doesn't really relate to me because I don't like to run and I have never had a dog, but I would love to have one.
